RASAP AFFILIATES/ AGENTS

Become Part of Us today

Decide your working time and conditions and dictate your own pay scale.
Earn what you deserve, let your negotiation skills become your boss.

Who is an affiliate?

A person Officially connected or affiliated to an organization.

Affiliate Marketing

A marketing arrangement by an online retailer pays a commission to an external traffic sale generated from referrals.

Become Our Affiliate/ Agent.

We are looking for affiliates to join our affiliate programme whereby a 5% commission on total sale made will be credited to the affiliate/Agent.

Each affiliate will be provided with a unique link which he/she can use to place orders for his/her clients or can give the same link to customers and any sale made through that specific link will be reflected under his/her sales hence earning commission.

Each affiliate will also have a personal dashboard where they can view their sales, commission overall performance and growth to self-evaluate themselves.

All commission will be paid on a weekly basis to affiliate bank accounts.

Rasap will have no obligation towards affiliates as they are classified as free lancers and are free to exist the program wherever they feel like to do so.
